

SITUATION OVERVIEW

- **341 cases with six fatalities and 276 recoveries** have been confirmed across the country. No cases have been confirmed in camps or sites for internally displaced people (IDPs).
- In Rakhine State, a **boat driver who had transported people returning from Bangladesh to Myanmar tested positive in Kyauktaw Township on 16 July**. The person had no recent travel history and persons who had been in contact with the confirmed case have been traced, tested and placed in quarantine.
- Across Rakhine, over 920 people are currently in around 260 community quarantine facilities, while nearly 1,740 people are under home quarantine.
- As of 20 July, **15 cases have been confirmed in Rakhine, including nine with recent travel histories in Bangladesh**. Ten people have recovered.
- **More than 130,000 migrants have returned since 22 March**, according to figures by IOM issued on 10 July, with nearly 86,000 of this returning from Thailand.
- The July update of the 2020 Global Humanitarian Response Plan (GHRP) was launched, targeting nearly 250 million people and an increase of funding requirements from US\$6.7 billion in May to \$10.26 billion.
- This also includes a revised Addendum to the 2020 Myanmar Humanitarian Response Plan (HRP), **which now aims to reach 915,000 people, with updated financial requirements of US\$275.3 million, including \$58.8 million for COVID-19 response**.
- **A total of US\$68 million has been contributed to the 2020 HRP**, including \$20 million to the COVID-19 Addendum. The funding levels remain relatively low, compared to the similar period in the previous years.
