Assistance Highlights To Date

Food: Food is distributed on a monthly basis to those in need, with nearly 2,200 metric tons provided in June to about 127,000 people.

Health: A second round polio immunization campaign vaccinated close to 330,000 children under five years or 97 per cent of target children across Rakhine.

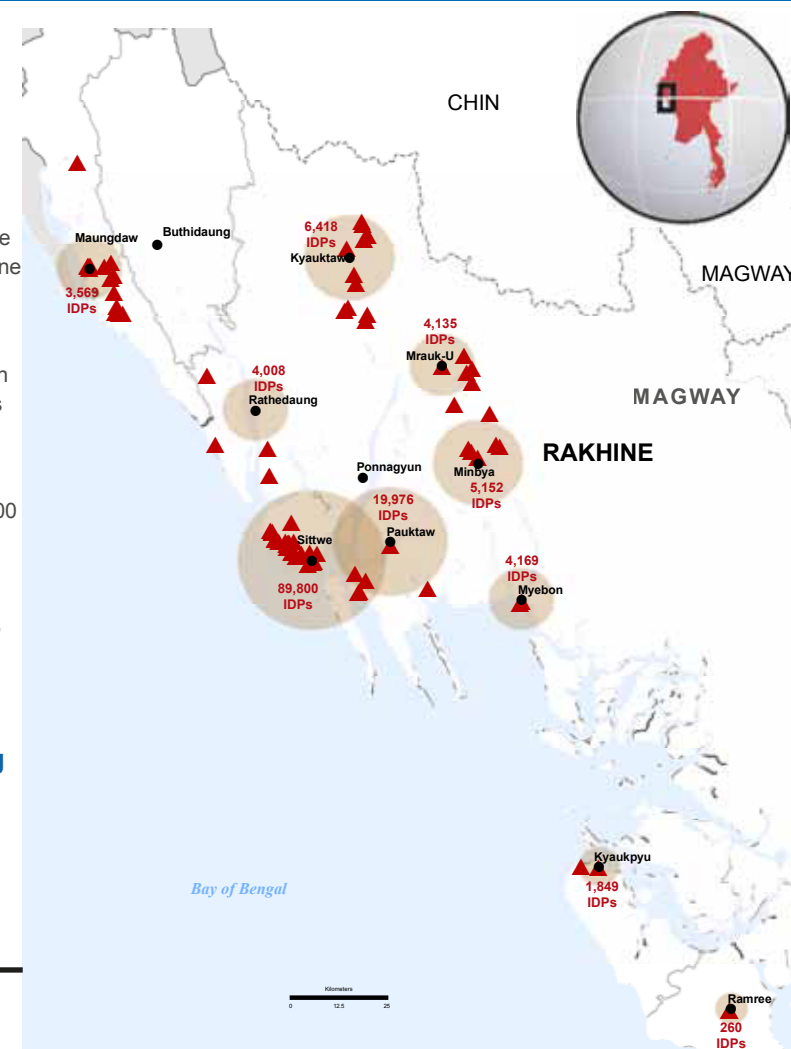

Shelter: Temporary shelters for approximately 90,000 people have been built since the start of the crisis.

WASH: Some 3,700 latrines have been constructed, and more than 20,500 hygiene kits distributed since January 2013.

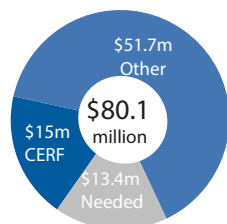

As of May 2013, 140,000 IDPs are being assisted by humanitarian partners in 76 locations

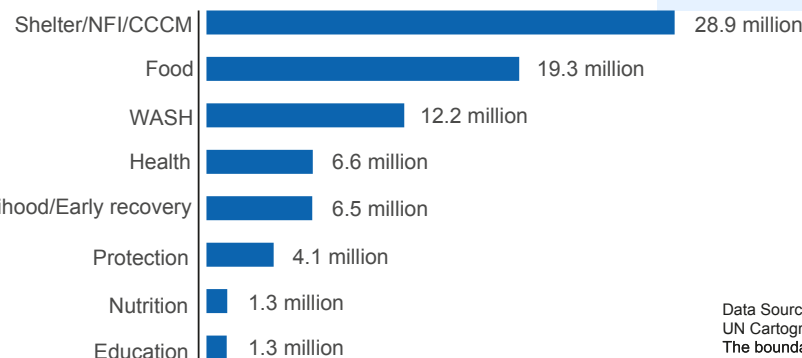

Funding

The November **Rakhine Response Plan and the Rakhine Contingency/Preparedness Plan** request a total of **US\$80.1 million** of which **\$66.7 million** is funded, including over **\$15 million** from CERF. An update of the Rakhine Response Plan is being prepared, which will articulate needs to the end 2013.

Over **\$13.4 million (16.7%)** is still urgently needed to provide life-saving assistance. Agencies are short of funds and materials, and have overextended response options by diverting stocks.
