Consultant for Training of Farmers regarding Chilli and Turmeric Cultivation Methods

"From Poverty to Sustainable Livelihood Development Project"

1. Objectives of the project

DEAR Myanmar has implemented the "From Poverty to Sustainable Livelihood Development Project" in Pekon Township in Shan state since January 2024. This project aims at improving value chain of selected products such as chilli, turmeric and fermented bamboo shoots.

2. Purpose of this position

The purpose of this consultancy role is to strengthen the capacity of chilli and turmeric farmers and staff members of the project around good agriculture methods. It is anticipated that adoption of intended cultivation methods will help farmers to increase yield and quality of chilli and turmeric products.

3. Roles and responsibilities and tasks of a consultant

The following are the anticipated consultancy tasks:

Activity	Duration
1. Review and revise the existing chilli and turmeric curricula regarding chilli and turmeric	5 days
2. Organise a workshop to transfer knowledge and skills regarding chilli and turmeric cultivation methods to key farmers and staff members of the project	
3. Submit a report	
Total	5 days

4. Anticipated outcomes

1. The existing chilli and turmeric curricula would have been reviewed and revised.
2. Key farmers and project staff would have been trained around good chilli and turmeric cultivation methods.

5. Submission of Applications

Interested applicants are requested to submit applications to the following email address: fo.dm.org77@proton.me no later than 28 April 2024. Applicants are requested to submit two separate technical and financial proposals for chilli and turmeric training along with Curriculum Vitae.
