▼ Background Information - Job-specific

The Asia Regional Health Cluster (ARHC) was established in 2018 for efficient delivery of grants and fund management, and the provision of quality pharmaceuticals and health products. The ARHC aims to significantly impact the targets of UN Sustainable Development Goal 3 on good health and well-being, by expanding the population benefitting from UNOPS-managed health-related engagements across the Asia Region.

The ARHC portfolio manages the Principal Recipient (PR) Programme of the Global Fund to fight AIDS, Tuberculosis and Malaria (Global Fund) in Asia. The Global Fund, which has been providing financial support to the Greater Mekong Sub-region for malaria programs since 2003, has selected UNOPS as a PR, responsible for delivering the targets set out in the grant agreements in collaboration with selected sub-recipients from the National Programmes, local and international non-governmental organisations (NGOs) and UN agencies. UNOPS is the Principal Recipient of the Global Fund Grants in Myanmar (HIV and TB) and the Regional malaria Artemisinin Initiative (RAI) Grant in the Greater Mekong Sub-region.
