Before displ., the two main livelihoods activities for female camp residents were :	Farming & Livestock

Wash

Water need coverage	100%
Latrines coverage	100%
Semi permanent latrines coverage	100%
Bathing facilities coverage	26%
Hand washing facilities coverage	0%
Hygiene kits coverage	100%

The interagency camp profiling process is an on-going activity promoted, coordinated and delivered by the Shelter/NFI/CCCM Cluster. XX out of 141 known camps were profiled in April/May 2014. Where and when possible the data will be updated. The information is collected from a number of sources and compiled into a series of single camp profiles, plus cross-camp analysis. This document represents single camp profile. The primary source of information are key informants in camp management or committee positions and IDP camp residents. For more information, contact Mr Pyae Sone Kyaw Win - winp@unhcr.org- UNHCR Information Management Unit, Myitkyina.
