Medical Action Myanmar (MAM) is a medical organization. MAM aims to improve access to quality health care for all people in Myanmar. MAM provides large-scale access to prevention, diagnosis & treatment of HIV, Malaria, Tuberculosis and we provide Basic Health Care provided by 20 clinics and 2300 community health workers in remote areas. MAM employs over 1200 staff.

Vacancy For: Medical Doctor (HIV Clinic)

Reports to:	Project Coordinator
Other Report to:	Operation Officer
Job location:	Hkamti (Sagaing)
Deadline for application:	26th October 2026
Vacancy number:	VA-0108/2026

Key Responsibilities

Clinical Consultation & Patient Care Management

- Provide quality clinical consultations and treatment for Key Affected Populations (PWID, MSM, FSW), PLHIV, and general clients across comprehensive healthcare services, including:
 - HIV prevention, HIV care, and treatment
 - STI/STD screening and treatment
 - TB screening and treatment
 - Hepatitis B/C screening and Hepatitis C treatment
 - Opioid Assisted Medication (OAMT) referrals
 - Maternal & Child Health and Ante-Natal / Post-Natal Care (ANC/PNC)
 - Family planning (including contraceptive implant insertion)
 - Non-Communicable Diseases (NCDs), nutrition, mental health, and breast cancer screening
 - Ensure prompt and appropriate referral of patients requiring specialized or tertiary care.
 - Lead clinic case management meetings, providing technical feedback to improve patient treatment quality and adherence.
 - Participate in and facilitate focus group discussions with targeted beneficiaries and community groups.
 - Serve as a temporary relief/replacement doctor at other MAM service delivery points as required.

Staff Capacity Building & Training

- Plan, facilitate, and conduct technical training (initial and refresher) for clinic nurses, counselors, and community facilitators covering HIV/ART, STIs, TB, Hepatitis C, harm reduction, and general clinical protocols.

Stakeholder Coordination & Representation

- Coordinate and collaborate with local stakeholders, CBOs, CSOs, and government counterparts to ensure holistic medical care, referral pathways, and support services for beneficiaries.
- Represent the organization (MAM) in relevant clinical, technical, and coordination meetings, workshops, or events as required.

Data Quality & Reporting

- Ensure accurate recording and timely submission of all assigned monthly clinical data and medical reports, maintaining data quality and patient confidentiality.
- Identify clinic operational and medical needs, providing actionable inputs to line supervisors for clinic improvement.

Others

- Adhere to all MAM rules and regulations, and code of conduct;
- Respect and uphold strict medical ethics, confidentiality, and patient dignity at all times.
- Other duties assigned by supervisors;
